In-Person Registrations & Studio Tours by Appointment Only

FREE Trial classes are a great way for dancers new to NDT to become familiar with our studios and teachers. Please be aware that NDT's Covid response guidelines (available to read on our website) will be in effect, including that all students and teachers must wear a mask at all times during class. After classes teachers will give suggestions as to which class levels suit your dancer best.

Visit our website to see dates and times available to schedule a private time to walk through the studios, discuss class placement, and have assistance with our registration process.

Registration is on our website at www.NunnbetterDance.com Remember, space is limited per class.
